

# SAVE OUR EARTH

A Zine by Primary 5/6  
students of  
Rosebank Primary  
school

This zine has been created by the Primary 5/6 students of Rosebank Primary school, on the theme of Climate change, sustainability and Tech waste.

NEoN Digital Arts believes it can grow our community's understanding of climate change and increase digital engagement through a creative and interactive digital arts programme.

In particular, we are now engaging with local schools, and the younger people of Dundee who can access digital experiences and technology in a fun, informative way.

These workshops have been run by NEoN Digital Arts, in partnership with Rosebank Primary. These sessions have been supported in funding by Craignish Trust.

# Do not litter

Do not litter

It's not good  
Don't drop trash  
after you eat your food  
If you litter  
the world will get polluted  
So please, please, please don't be stupid!

DO you want  
this whale to die?
